

Hang Glider Bag Measurements

Wing Data

Manufacture: _____

Model: _____

Size: _____

Measurements (INCHES)

A > _____

B > _____

C > _____

D > _____

E > _____

NOTES: For weatherproof bags take measurements with the original bag on.

XC Bags - After measuring the length, measure the original bag for the width/circumference. Unzip, lay flat and measure from zipper to zipper.

There is no need to return this form. Send the measurements via email to: info@flyahanglider.com
